December 3, 2009

Honorable Mayor and City Council

The Comprehensive Annual Financial Report (CAFR) of the City of Rolling Hills Estates City for the fiscal year ended June 30, 2009, is hereby submitted as mandated by both local ordinances and state statutes. These ordinances and statutes require that the City of Rolling Hills Estates issue annually a report on its financial position and activity, and that an independent firm of certified public accountants audit this report. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City of Rolling Hills Estates. In addition, to the best of our knowledge, there are no untrue statements of material fact within the financial statements or omissions of material fact to cause the financial statements to be misleading. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the City of Rolling Hills Estates as legally defined), as well as its component unit, the Peppertree Foundation. A component unit is a legally separate entity for which the primary government is financially accountable. The City provides a broad range of services, including police protection, solid waste collection, construction and maintenance of highways, streets, and infrastructure, planning and zoning activities, recreational activities, cultural events, and general administrative services. The City of Rolling Hills Estates is a contract city, meaning that some of these services are provided by contract with other agencies (both public and private) and some services are delivered by the City's own employees.

Special districts provide library services, fire protection services, and sewer services. The City has excluded the County of Los Angeles, as well as the State of California and various school districts, from the financial reporting entity because they do not meet the established criteria for inclusion.

GOVERNMENTAL STRUCTURE, ECONOMIC CONDITION AND OUTLOOK

The City of Rolling Hills Estates is located on a coastal peninsula overlooking the Pacific Ocean in Los Angeles County, 15 miles south of the City of Los Angeles. The City was incorporated September 18, 1957. The City currently has a land area of 4.18 square miles and a population of 8,138. The City is a "bedroom" community with a commercial center. Rolling Hills Estates is home to the Promenade on the

Peninsula mall, Peninsula Center Shopping Center, and several other businesses in the City's commercial district.

The City has operated under the council-manager form of government since incorporation. Policy-making and legislative authority are vested in the governing council, which consists of five council members, including the mayor and mayor pro-tem. The governing council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees and hiring the City Manager and the City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the City Council, for overseeing the day-to-day operations of the government, and for appointing the heads of the government's departments. The Council is elected on a non-partisan, at-large basis. Council members are elected to four-year staggered terms with two or three council members elected every two years. The council designates the mayor and mayor pro-tem for a one-year term.

Though the City's overall fund balance decreased during the fiscal year ended June 30, 2009, it is important to continue to measure the City's financial strength over time, not just on the basis of the most recent three or four years experience. The budget adopted by the City Council for the fiscal year ending June 30, 2009 presents the expectation of a positive net operating result. Management continues to practice conservative fiscal policies as directed by Council.

MAJOR INITIATIVES

The City's staff, following specific directives of the City Council and the City Manager, has been involved in a variety of projects throughout the year. These projects reflect the government's commitment to ensuring that its citizens are able to live and work in an enviable environment.

Planning, Building, and Code Enforcement

- The Planning Commission and City Council reviewed and conditionally approved a couple of number of mixed use and commercial projects in the commercial district. Several additional residential and commercial projects are under review by staff.
- The City Council has approved the Housing Element update in 2009 and the Element has been certified by the State. The City will pursue an update of the General Plan as soon as time and budget allow.
- The City continued to provide review and inspection services for commercial and residential projects of various types.
- Several "first look" committee meetings were held for large projects of community-wide interest.

Public Works

- Executed a Contract Agreement with MTA for funding of the PVDN Phase III Project. This project is funded by a combination of Federal and State grants totaling \$2,081,000 and \$544,580, respectively. The improvements include the construction of an on-street bike path on both sides of PVDN between Crenshaw Boulevard and the west City limits, street resurfacing, drainage, and intersection improvements.

- Adopted a City Council Resolution to remove utility lines and poles on PVDN adjacent the intersection of PVDE. This project, with an estimated cost of \$1,525,000, is funded entirely with SCE Rule 20A funds at no cost to the City. Staff is evaluating the feasibility of expanding the limits of the project in conjunction with the Chandler/Golf Course Renovation Project.
- Utilized rubberized asphalt to resurface residential streets, which included Sunnyfield Drive, Dobbin, Palomino and Branding Iron Lanes. Rubberized asphalt is composed of recycled tires that is not only more environmentally friendly, but also lasts longer and provides a smoother and quieter ride.
- Submitted all required documents to receive early funding for shovel ready projects associated with the Federal Economic Recovery and Reinvestment Act of 2009 including:
 - Traffic Signal Modifications - Palos Verdes Drive North/Crenshaw Boulevard - \$100,000;
 - Illuminated Street Name Sign retrofit to energy efficient LED fixtures - \$100,000;
 - Street Resurfacing – Crenshaw to Sunnyfield - \$300,000.

Community Services

- The City continued to offer the use of regional and local park facilities to residents and local non-profit youth sports organizations.
- The City awarded one new beautification grant to local homeowner associations.
- Docents and paid contractor staff from the Palos Verdes Peninsula Land Conservancy continued their successful docent-led hike programs at George F. Canyon Nature Center.
- The City hosted the annual City Celebration, Tracy Austin Doubles Tennis Tournament, Mayor’s Breakfast Ride, Hills Are Alive Race, and Holiday Parade events.

Administration

- The City Council engaged in extensive lobbying efforts on behalf of local government, particularly pertaining to protection of local revenues, and regional representation due in large to part to active roles Council Members took in League of California Cities and CCCA and South Bay Cities COG leadership and policy committees.
- The City Council hosted several joint meetings with the Planning Commission to discuss a number of projects.
- Council and City Manager finalized implementation of all the short term and mid-term recommendations of an organization wide analysis of policies and procedures. Some long term recommendations are still under consideration.
- The Administrative Services Director oversaw a variety of technological improvements both within the department and organization-wide to improve staff’s ability to serve the public, continuing a

systematic schedule of replacement of hardware and software as well as computer training classes. Updating of the City's Website was begun.

- On-going training in occupational safety continues in the area of Workers' Compensation program administration.

FINANCIAL INFORMATION

The Administrative Services Department of the City is responsible for establishing and maintaining an appropriate internal control structure. The internal control system is designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with Generally Accepted Accounting Principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgements by management.

Single Audit. As a recipient of federal, state, and county financial assistance, the City is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management. In years when over \$500,000 is expended on Federal financial assistance programs, the City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. For the year ended June 30, 2009, less than \$500,000 was expended on Federal financial assistance programs; and therefore, a single audit was not required.

Budgeting Controls. The City of Rolling Hills Estates maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions contained in the annual appropriated budgets approved by the City Council. Activities of the General fund, Special Revenue funds, and Proprietary funds are included in the annual appropriated budgets of the government units. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the program level. Formal budgetary integration is employed as a management control device. Additionally, unexpected capital project account balances are carried over to the following year's budget appropriations with Council approval.

Debt Administration. At June 30, 2009, the City had no general obligation debt and certificates of participation or revenue bonds. No new debt obligations are anticipated in the near future.

Fiduciary Operations. The City of Rolling Hills Estates has two fiduciary funds that are used to account for assets (cash) held by the City in a trustee capacity or as an agent for other governmental units, private organizations or individuals. The Peninsula Parking and CSMFO Chapter Agency funds are restricted as to its use and not available to fund the operating activities of the City, and as such, is offset by a liability equal to the carrying amount of the assets.

OTHER INFORMATION

Independent Audit. The City requires an annual audit by independent certified public accountants. The accounting firm of Macias Gini & O'Connell LLP conducted this year's audit. The auditor's report is included in the financial section of this report.

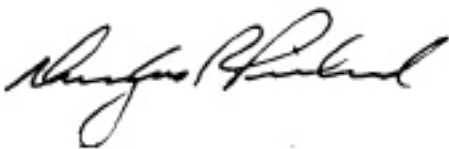

GFOA Certificate of Achievement Award. The Government Finance Officer's Association of the United States and Canada (GFOA) awarded a Certificate of Achievement in Financial Reporting to the City of Rolling Hills Estates for its comprehensive annual financial report for the fiscal year ended June 30, 2008. This was the fourteenth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

CSMFO Certificate of Award for Outstanding Financial Reporting. The California Society of Municipal Finance Officers (CSMFO) is a state organization which sponsors extensive training and emphasizes high standards in all aspects of municipal finance operations, including financial reporting. However, CSMFO decided to decrease duplication of awards from CSMFO and GFOA, and as such, the City can only participate in CSMFO's program if the City did not receive the GFOA CAFR award the previous year. Therefore, the City is not eligible to participate in CSMFO's award program.

Acknowledgments. Preparation of this report was the accomplishment by combined efforts of many individuals. We wish to acknowledge the assistance of our auditors, Macias Gini & O'Connell LLP, and the contributions of the Administrative Services Department staff: Amelia Chan and Laurie Moromisato. Additionally, we want to acknowledge the contributions of the Department Heads and the Assistant City Manager.

Respectfully submitted,

Douglas R. Prichard

To the Honorable City Council of
the City of Rolling Hills Estates, California

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rolling Hills Estates, California, (City) as of and for the year ended June 30, 2009, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Rolling Hills Estates' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Rolling Hills Estates, California, as of June 30, 2009, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 3, 2009 on our consideration of the City of Rolling Hills Estates' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis and other required supplementary information identified in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying introductory section, the combining and individual nonmajor fund financial statements and schedules listed as supplementary information in the table of contents, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

As management of the City of Rolling Hills Estates, we offer readers of the City of Rolling Hills Estates' financial statements this narrative overview and analysis of the financial activities of the City of Rolling Hills Estates for the fiscal year ended June 30, 2009. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

- The assets of the City of Rolling Hills Estates exceed its liabilities, at the close of the fiscal year by \$10,714,713 (*net assets*). Of this amount, \$2,605,255 (*unrestricted net assets*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net assets decreased by \$1,701,069 from the prior fiscal year.
- The City's governmental funds reported combined ending fund balances of \$3,701,577, a decrease of \$1,528,726 in comparison with the prior year. Approximately \$3,199,421 (*unreserved fund balance*) is available for spending at the government's discretion.
- The unreserved fund balance for the General fund was \$2,838,092 or 41%, of total General fund current operating expenditures. Of that amount, \$50,000 has been designated for FY 2009-10 capital projects, \$150,000 for insurance claims, \$200,000 for PERS rate stabilization, \$136,800 for equipment revolving, \$324,288 for capital asset replacement, and \$477,004 for future expenditures. Therefore, \$1,500,000 is unreserved and undesignated of the total \$2,838,092.
- The City has no bonded debt or certificates of participation debt.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Rolling Hills Estates is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation and sick leave).

Both the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include its general government, public safety, public works, community services, and public health programs. The business-type activities of the City include its equestrian and tennis operations.

CITY OF ROLLING HILLS ESTATES, CALIFORNIA

Management's Discussion and Analysis

The government-wide financial statements include not only the City of Rolling Hills Estates itself (known as the *primary government*), but also a legally separate Peppertree Foundation for which the City of Rolling Hills Estates is financially accountable. Financial information for this *component unit* has been included as an integral part of the primary government.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Rolling Hills Estates, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Rolling Hills Estates maintains 14 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, State Gas Tax Special Revenue Fund, and Proposition A – Parks Special Revenue Fund, which are considered to be a major funds. Data from the other 11 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these *non-major* governmental funds is provided in the form of *combining statements* (see table of contents).

The City of Rolling Hills Estates adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison statement has been provided for each governmental fund to demonstrate compliance with this budget.

The basic governmental fund financial statements are listed in the table of contents.

Proprietary funds. The City of Rolling Hills Estates maintains one type of *proprietary funds*.

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily by user charges. The City uses enterprise funds to account for the operations of the City-owned stables, horse shows, and pony camps for young equestrians and to account for the operations of the City-owned tennis courts.

Individual proprietary fund financial statements are included as part of the government-wide financial statements on pages 20-23 of this report.

CITY OF ROLLING HILLS ESTATES, CALIFORNIA

Management's Discussion and Analysis

Fiduciary fund. The City of Rolling Hills Estates maintains two *fiduciary funds*, the Peninsula Parking Agency Fund, and the CSMFO Chapter Meetings Fund. Both balance sheets present the assets and liabilities (no net assets are associated with fiduciary funds).

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* including comparisons of budgeted revenues and expenditures to actual revenues and expenditures.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found in the table of contents.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City of Rolling Hills Estates, assets exceeded liabilities by \$10,714,713 in FY 2008-09 a decrease from 2007-08 which assets exceeded liabilities by \$12,415,782. The largest portion of the City's total net assets (71 percent in 2008-09, and 61 percent in 2007-08) reflects its investment in capital assets (e.g. land, building, facilities, vehicles, equipment and infrastructure). The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the City's total net assets (\$533,470 or 5 percent in 2008-09, and \$378,721 or 3 percent in 2007-08) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted total net assets (\$2,605,255 or 24 percent in 2008-09, and \$4,471,935 or 36 percent in 2007-08) may be used to meet the government's ongoing obligations to citizens and creditors.

City of Rolling Hills Estates Net Assets	Governmental Activities		Business-Type Activities		Total Activities

Business-type activities. Business-type activities decreased the City's net assets by \$151,904 compared to 2007-08, which decreased \$44,671.

Key elements of the \$1,701,069 decrease in total net assets from all activities are as follows:

- Sales tax revenues decreased from prior year.
- General revenues not realized in planning fees, building permits, and new construction tax.
- Operating grants received in the prior year, including Proposition 1B and Proposition 12 grants, were not received in the current year.
- Interest income was less in other general revenues.

CITY OF ROLLING HILLS ESTATES, CALIFORNIA

Management's Discussion and Analysis

Revenues by Source – Governmental Activities

Revenue 2007-2008

Revenue 2008-2009

CITY OF ROLLING HILLS ESTATES, CALIFORNIA

Management's Discussion and Analysis

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$3,701,577, decrease of \$1,528,726 in comparison with the prior year, which ending fund balance was \$5,230,303. Approximately 86 percent of the combined ending fund balances (\$3,199,421) constitute unreserved fund balance, which is available for spending at the City's discretion. This is a slight decrease from 87 percent reported for 2007-08. The remainder of the combined ending fund balances is reserved to indicate that it is not available for new spending because it has already been committed 1) to reserve the unspent portion of the CLEEP grant (\$34,823), 2) to reserve the Maintenance of Hawthorne Canyon (\$60,000), 3) for note receivable for sale of real property (\$400,000, and 4) for inventories (\$7,333).

The General fund is the chief operating fund of the City of Rolling Hills Estates. At the end of the current fiscal year, unreserved fund balance of the General fund was \$2,838,092 a decrease from the prior year by \$1,025,006.

During the current fiscal year, the fund balance of the City's General fund decreased by \$1,160,703. The key factor in this decrease is as follows:

- Loss of General Fund Revenues from planning projects, sales tax, and interest income.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The major proprietary fund is the Equestrian Operation, and the nonmajor proprietary fund is the Tennis Operations. The total decrease in proprietary fund net assets was \$151,904 compared to a prior year's decrease of \$44,671.

General Fund Budgetary Highlights

The difference between the original budget and the final amended budget was a decrease of \$580,185; and can be briefly summarized as follows:

- The budget was reduced for capital projects budgeted but not undertaken in Street Resurfacing, and Curb Repair.
- The budget was reduced as revenues fell short of expectations as several planning projects did not materialize in FY 2008-09. Actual revenues continued to decline, and Sales Tax revenues decreased dramatically.

Additionally, general fund reserved fund balances are \$502,156 for CLEEP grant, inventories, maintenance of Hawthorne Canyon, and note receivable. The general fund unreserved, designated fund balances are \$1,338,092 for future expenditures, capital improvements projects, insurance claims, PERS rate stabilization, equipment revolving, and capital asset replacement. Lastly, there is \$1,500,000 in the general fund's unreserved, undesignated fund balance.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental activities as of June 30, 2009, amounts to \$7,522,061 (net of accumulated depreciation). The business-type activities investment is \$53,927. These investments in capital assets include land, buildings and improvements, facilities and improvements, vehicles and equipment, furniture and fixtures, and infrastructure. During the current fiscal year, the City's investment in capital assets increased by 0.1 percent primarily due to City Hall improvements.

Infrastructure	2,467,643	2,320,666			2,467,643	2,320,666
Total	\$ 7,522,061	\$ 7,507,337	\$ 53,927	\$ 57,789	\$ 7,575,988	\$ 7,565,126

Additional information regarding the City's capital assets can be found in Note 1(e)4 on pages 30-31, and Note 3(c) on pages 38-39.

Long-term debt. At the end of the current fiscal year, the City of Rolling Hills Estates had total debt outstanding of \$492,483 up slightly from the previous year, which was \$447,470. The City has no bonded debt or certificates of participation debt.

City of Rolling Hills Estates Outstanding Debt As of June 30, 2009	Governmental Activities		Business-Type Activities		Total Activities	
	<u>2008-2009</u>	<u>2007-2008</u>	<u>2008-2009</u>	<u>2007-2008</u>	<u>2008-2009</u>	<u>2007-2008</u>
	Employee Compensated Absences	\$ 434,942	\$ 399,779	\$ 57,541	\$ 47,691	\$ 492,483
Total	\$ 434,942	\$ 399,779	\$ 57,541	\$ 47,691	\$ 492,483	\$ 447,470

The City's total debt increased by \$45,013 (10.1 percent) during the current fiscal year, due to the slight accumulation of additional employee compensated absences.

State statutes limit the amount of general obligation debt a governmental entity may issue to 15 percent of its total assessed valuation. The current debt limitation for the City of Rolling Hills Estates is \$353,693,117. With no general obligation debt, the City operates well within the legal limit imposed by the State.

Additional information on the City's long-term debt can be found in Note 3(e) on pages 40-41 of this report.

Economic Factors and Next Year's Budgets and Rates

- Local property values remain modest, and account for approximately 43 percent of General Fund revenues. Assessed Property Valuations in the City increased annually by 3%.
- Sales tax revenues remain affected by the "Triple Flip" mechanism, which reduces one-quarter of local sales tax revenue and supplements the loss with a new State subvention called "Property Tax in lieu of Sales Tax – State" under the Revenues from Other Agencies category. Sales tax revenue for FY 2008-09 was dreary at \$986,408, a decrease from \$1,199,467 in FY 2007-08.

CITY OF ROLLING HILLS ESTATES, CALIFORNIA

Management's Discussion and Analysis

- Declining revenues from other agencies include Motor Vehicle License Fees, and Property Tax in lieu of Sales Tax from the State in FY 2008-2009. As mentioned above, the "Triple Flip" increases State subventions to supplement the lost one-quarter of local sales tax revenues, however, the City receives back less than one-quarter after administration fees. The VLF backfill has been eliminated, replaced by a "Property Tax in lieu of VLF – State" account – which has a slight increase in revenue for FY 2008-2009.

All three of these factors were considered in preparing the City's budget for FY 2008-2009. The loss of local control over local revenues has made the City's budgeting process more complex.

During the current fiscal year, unreserved fund balance in the General fund decreased from \$3,836,098 in 2007-08 to \$2,838,092 in 2008-09. Additionally, the City has adjusted the fees and charges revenue for certain activities that are listed in the Fees and Charges book.

Requests for Information

This financial report is designed to provide a general overview of the financial position of the City of Rolling Hills Estates for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Administrative Services Department, 4045 Palos Verdes Drive North, Rolling Hills Estates, CA 90274. Also refer to the City's website www.ci.Rolling-Hills-Estates.ca.us for additional financial information (Click "City Departments and Services" and then click "Administrative Services Department").

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements
June 30, 2009

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Reporting Entity

The City of Rolling Hills Estates (City) was incorporated on September 18, 1957 as a general law city and operates under a Council-Manager form of government. The Council is composed of five members. As required by generally accepted accounting principles, the financial statements present the government and its component units for which the government is considered financially accountable. A blended component unit, although a legally separate entity, is, in substance, part of the government's operations and so data from this unit is combined with the data of the primary government.

Peppertree Foundation (the Foundation)

The Foundation is an organization responsible for the development and maintenance of the parks in the City. The City is financially accountable for the Foundation as the City Council serves as members of the Foundation's governing board and controls its operations. The financial transactions and balances of the Peppertree Foundation have been blended into the City's basic financial statements and are presented in a special revenue fund. Separate financial statements for the Foundation are available at:

City of Rolling Hills Estates
4045 Palos Verdes Drive North
Rolling Hills Estates, California 90274

Joint Venture

The City is a member of the Palos Verdes Peninsula Transit Joint Powers Authority. The Transit Authority is comprised of three member cities and is organized under a Joint Powers Agreement pursuant to the California Government Code. Each member City provides an annually determined contribution towards the ongoing operation. The City does not have a specified equity interest; however, in the event of dissolution of the Authority, available assets shall be distributed to the member agencies in proportion to the aggregate contribution made by each member agency during the entire term of the agreement. The purpose of the Authority is to study, implement, and provide a public transit system within and around the Palos Verdes Peninsula. These transit services include Palos Verdes Transit (expanded to include two MTA routes effective July 1, 2006), Dial-A-Ride, and a fixed route shuttle service.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

The Palos Verdes Peninsula Transit Authority's fiscal year ended on June 30. As of June 30, 2008 (most recent information available), audited financial statements indicated the following:

Total assets	<u>\$</u>	<u>1,654,973</u>
Total liabilities	<u>\$</u>	<u>-</u>
Total equity	<u>\$</u>	<u>1,654,973</u>
Charges for services	\$	404,656
JPA member contributions and other income		<u>271,930</u>
Total operating revenues		676,586
Total operating expenses		(1,970,161)
Total non-operating revenues		<u>1,484,178</u>
Net income	<u>\$</u>	<u>190,603</u>

Separate financial statements are available at:

Palos Verdes Peninsula Transit Joint Powers Authority
38 Crest Road West
Rolling Hills, CA 90274

(b) Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements and eliminations have been made to minimize the double counting of internal activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

(c) *Measurement Focus, Basis of Accounting, and Financial Statement Presentation*

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments are not recognized until paid.

Property taxes, motor vehicle in lieu taxes, charges for services, revenues from other agencies, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Sales taxes collected and held by the state at year-end on behalf of the City are also recognized as revenue. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirement have been met. Grant funds received before the revenue recognition criteria have been met are reported as deferred revenues.

The City reports the following major governmental funds:

The General Fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund.

The State Gas Tax Special Revenue fund is used to account for State gasoline taxes received by the City. Revenue received is used for street maintenance, construction, and/or right of way acquisition.

The Proposition A - Parks Special Revenue fund is used to account for grant monies received from Los Angeles County for the maintenance and development of parks.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

The City reports a major proprietary fund:

The Equestrian Operations Fund is used to account for the financial activity of the City-owned stables and horse shows. The costs of providing these services to the general public are financed or recovered primarily through user charges.

Additionally, the City reports the following fund types:

Governmental Funds:

The Special Revenue Funds are used to account for proceeds of specific revenue sources that are legally restricted or otherwise designated for specific purposes.

Proprietary Funds:

The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. Costs are financed or recovered primarily through user charges.

Fiduciary Funds:

Fiduciary Funds financial statements include a statement of fiduciary assets and liabilities. The City fiduciary funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City has two agency funds. The agency funds are accounted for on an accrual basis of accounting as are the proprietary funds explained above.

The City reports the following fiduciary funds which are excluded from the government-wide financial statements:

Peninsula Parking Fund – To account for monies received from parking citation processing under a joint three-city agreement and held by Rolling Hills Estates on behalf of the Cities of Rancho Palos Verdes and Rolling Hills.

CSMFO Chapter Fund – To account for monies received from members for attendance at the California Society of Municipal Finance Officers South Bay Chapter Meetings.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the business-type activities in the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to members, customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Equestrian Operations Enterprise Fund and the Tennis Operations Enterprise Fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then use unrestricted resources as needed.

(d) Property Taxes

Under California law, the property tax rate is limited to 1% of market value plus other increases approved by the voters. Property taxes are levied by the County Tax Assessor and shared among local taxing authorities. The County of Los Angeles collects and distributes property taxes on the basis of each taxing authority's tax rate percentage.

As a "No Property Tax City," Rolling Hills Estates' city tax rate is zero. However, under state legislation (AB 1197), the City began receiving a share of property tax revenue in 1990.

Property taxes are levied on July 1 and are due on November 1 and February 1. Property taxes become delinquent after December 10 and April 10 for the first and second installments, respectively. The lien date is January 1. The City recognizes property tax revenue based upon distributions received from the County of Los Angeles which occurs shortly after the delinquency dates.

(e) Assets, Liabilities, and Net Assets or Equity

1. Cash and Investments

Investments are reported in the accompanying statement of net assets at fair value. Changes in fair value that occur during a fiscal year are recognized as investment income reported for that fiscal year. Investment income includes interest earnings, changes in

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

fair value, and any gains or losses realized upon the liquidation, maturity, or sale of investments.

The City pools cash and investments of all funds, except for assets held by fiscal agents. Each fund's share in this pool is displayed in the accompanying financial statements as cash and investments. Investment income, earned by the pooled investments, is allocated to the various funds based on each fund's average cash and investment balance.

For purposes of the statement of cash flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash invested in the City's cash management pool is also considered to be cash equivalents.

2. *Receivables and Payables*

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds" (i.e., the current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

The amounts recorded as a receivable due from other governments include amounts collected or provided by Federal, State and County governments and not remitted to the City as of June 30, 2009. The County of Los Angeles assesses, bills, and collects taxes for the City.

3. *Inventories*

Inventories are valued at cost using the average-cost method. Inventories in the governmental fund types are accounted for using the consumption method.

4. *Capital Assets*

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. As a phase 3 government under GASB Statement 34, the City has elected to report only major general infrastructure assets acquired subsequent to June 30, 2003. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are valued at the fair value of the assets on the date on which they were contributed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. The City utilizes a capitalization threshold of \$5,000.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

Depreciation is charged to operations using the straight-line method over the estimated useful lives of the assets as follows:

Buildings and improvements	35-50 years
Facilities and improvements	7-20 years
Vehicles and equipment	4-18 years
Furniture and fixtures	3-13 years
Infrastructure	20-50 years

5. *Compensated Absences*

City employees receive from 10 to 20 days vacation each year depending upon length of service. An employee may accumulate earned vacation time to a maximum not to exceed 35 days. Upon termination, employees are paid the full value of their unused vacation time at their existing salary. City employees receive 12 personal necessity/sick leave days each year to a maximum not to exceed 60 days. Upon termination, employees with a minimum of 30 days accumulated are paid the full value of their unused personal necessity/sick leave time at their existing salary.

In the government-wide financial statements, a liability is accrued for all earned but unused vacation and sick leave benefits relating to the operations of the funds. This liability will be liquidated as either additional cash payments in the event of employee termination or as part of budgeted salary expenditures if used by employees as compensated leave time while still employed by the City. Non-current amounts will be recorded in the long-term liability section of the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. In the fund financial statements, governmental funds accrue current liabilities for material vacation leave benefits due on demand to governmental fund employees that have terminated prior to year-end. Non-current amounts will be recorded, as fund expenditures in the year in which they are paid or become due on demand to terminated employees.

6. *Fund Equity*

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

(2) STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

(f) Budgetary Data

On or before June 30 of each year, the City Council adopts a budget for the ensuing fiscal year. The City Manager is responsible for the preparation and administration of the annual budget.

Budgets are reported on the same basis as the fund types and are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the general and special revenue funds. The legal level of control or the level at which expenditures may not legally exceed appropriations is at the program level. The program level includes general government, public safety, public works, community services, public health and capital outlay. Unexpended budgetary appropriations lapse at year-end.

Management may amend budgets within the program level. Budgetary revisions that alter the total appropriations of a program must be approved by City Council.

(g) Excess of Expenditures over Appropriations

The following individual funds exceeded the expenditures budget:

	Amounts Over Budget
General fund- public safety	\$ 54,114
General fund- community services	36,014
Special revenue funds:	
Transit Improvement Tax - public works	387
Proposition C - captial outlay	117,868
Peppertree Foundation - community services	3,231
Proposition 40 - Parks Grant - captial outlay	13,480

These expenditures are funded with a combination of excess revenues or by the available fund balance.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

(h) Deficit Fund Equity

The following funds have an accumulated deficit at June 30, 2009:

Proprietary:	
Equestrian operations	\$ 231,622
Special Revenue:	
State Gas Tax	2,546
Proposition A Parks	239,876
State Park Grant	18,726
Proposition 40 Parks	38,536

These deficits will be funded with future grant revenues or transfers from other funds.

(3) DETAILED NOTES ON ALL FUNDS

(a) Cash and Investments

Cash and investments as of June 30, 2009 are classified in the accompanying financial statements as follows:

Statement of net assets:	
Cash and investments	\$ 3,609,964
Fiduciary funds:	
Cash and investments	4,822
	<u>\$ 3,614,786</u>

Cash and investments were comprised of the following as of June 30, 2009:

Cash on hand	\$ 685
Deposits with financial institution	699,577
Investments	2,914,524
Total cash and investments	<u>\$ 3,614,786</u>

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

Investments Authorized by the City's Investment Policy

The City of Rolling Hills Estates' Statement of Investment Policy is reviewed and adopted by the City Council each year. The investment policy is more conservative and the investment types authorized are more restrictive than the investment vehicles authorized by Section 53601 of the California Government Code. Investment vehicles not specifically mentioned in the City's investment policy are not authorized unless the policy is amended by the City Council or are approved as part of the provisions of the bond indentures. Investments are limited to:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentages of Portfolio *</u>	<u>Maximum Investment in One Issuer</u>
U.S. Treasury Bills **	1 year	None	90%
U.S. Treasury Notes **	10 years	None	90%
U.S. Treasury Bonds **	30 years	None	90%
Certificate of Deposit	5 years	30%	90%
Local Agency Investment Fund (LAIF)	None	90% ***	None
Savings Passbook	None	None	90%

* Excluding amounts held by bond trustees that are not subject to California Government Code restrictions.

** A maximum of 25% of the total investment portfolio may be invested for a period exceeding 5 years.

***When LAIF yields exceed those of other allowable investment vehicles, the City is permitted to maintain up to 100% of excess funds in LAIF.

The City's investment policy does not contain any specific provisions intended to limit the City's exposure to interest rate risk and credit risk. The primary objective of the City's investment function shall be safety, since the safeguarding of City assets is of paramount importance. Most investments will be highly liquid with maturities selected to anticipate cash needs and avoid the need for forced liquidations. Yield shall be a consideration only after the basic requirements of safety and liquidity have been met.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

Information about the sensitivity of fair values of the City's investments to market interest rate is provided by the following table that shows the distribution of the City's investments by maturity:

Investment Types	Remaining Maturity (in Months) 12 Months Or Less
State investment pool (LAIF)	\$ 1,880,524
Certificates of deposit	1,034,000
Total	\$ 2,914,524

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code or the City's investment policy, and the actual rating as of year end for each investment type.

Investment Type	Total Investment	Minimum Legal Rating	Actual Rating Not Rated
LAIF	\$ 1,880,524	N/A	\$ 1,880,524
Certificates of deposit	1,034,000	N/A	1,034,000
Total	\$ 2,914,524		\$ 2,914,524

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments are as follows:

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

<u>Issuer</u>	<u>Investment Type</u>	<u>Reported Amount</u>
Compass Bank	Certificate of deposit	\$ 235,000
American Express Bank	Certificate of deposit	178,000
Texas Capital Bank	Certificate of deposit	240,000
First Bank of Puerto Rico, Santurce	Certificate of deposit	146,000
Bank of Baroda	Certificate of deposit	235,000

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The total amount invested by all public agencies in LAIF as of June 30, 2009 was \$25.2 billion. LAIF is part of the California Pooled Money Investment Account (PMIA), which at June 30, 2009 had a balance of \$50.7 billion. Of that amount, 14.71% was invested in medium-term and short-term structured notes and asset-backed securities. The average maturity of PMIA investments was 235 days as of June 30, 2009.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

(b) Note Receivable

The City has sold parcels of land in exchange for a promissory note in the amount of \$800,000 to Chandler Ranch Properties, LLC for the purpose of redevelopment of the site. The loan is secured by a deed of trust and bears interest at a rate of 5% per annum on the unpaid principal balance. As of June 30, 2009, \$400,000 of the note receivable remains outstanding. Payments of principal and interest shall be paid semi-annually.

<u>For the Year</u> <u>Ending June 30</u>	<u>Principal</u>	<u>Interest</u>
2010	\$ 160,000	\$ 18,000
2011	160,000	10,000
2012	<u>80,000</u>	<u>2,000</u>
Total	<u>\$ 400,000</u>	<u>\$ 30,000</u>

(4) OTHER INFORMATION

(a) *Liability, Property and Workers' Compensation Protection*

Description – The City of Rolling Hills Estates is a member of the California Joint Powers Insurance Authority (Authority). The Authority is composed of 122 California public entities and is organized under a joint powers agreement pursuant to California Government Code §6500 et seq. The purpose of the Authority is to arrange and administer programs for the pooling of self-insured losses, to purchase excess insurance or reinsurance, and to arrange for group purchased insurance for property and other coverages. The Authority's pool began covering claims of its members in 1978. Each member government has an elected official as its representative on the Board of Directors. The Board operates through a 9-member Executive Committee.

2. *Self-Insurance Programs of the Authority*

General Liability – Each member government pays a primary deposit to cover estimated losses for a fiscal year (claims year). After the close of a fiscal year, outstanding claims are valued. A retrospective deposit computation is then made for each open claims year. Claims are pooled separately between police and non-police. Costs are allocated to members by the following methods within each of the four layers of coverage: (1) the first \$30,000 of each occurrence is charged directly to the member's primary deposit; (2) costs from \$30,000 to \$750,000 and the loss development reserves associated with losses up to \$750,000 are pooled based on the member's share of losses under \$30,000; (3) losses from \$750,000 to \$2,000,000 and the associated loss development reserves are pooled based on payroll; (4a) costs of covered claims from \$2,000,000 to \$50,000,000 are paid under reinsurance and excess insurance policies (4b) subject to a \$3,000,000 annual aggregate deductible (4c) and a quota-sharing agreement whereby the Authority is financially responsible for 40% of losses occurring within the \$2,000,000 to \$10,000,000 layer. The costs associated with 4a-c are estimated using actuarial models and pre-funded as part of the primary and retrospective deposits. The overall policy limit for each member including all layers of coverage is \$50,000,000 per occurrence. Costs of covered claims for subsidence losses are paid by excess insurance with the following sub-limits per member: \$25,000,000 per occurrence with a \$15,000,000 annual aggregate.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

Workers' Compensation – The City of Rolling Hills Estates also participates in the workers' compensation pool administered by the Authority. Each member pays a primary deposit to cover estimated losses for a fiscal year (claims year). After the close of a fiscal year, outstanding claims are valued. A retrospective deposit computation is then made for each open claims year. Claims are pooled separately between public safety and non-public safety. Costs are allocated to members by the following methods within each of the four layers of coverage: (1) the first \$50,000 of each loss is charged directly to the member's primary deposit; (2) losses from \$50,000 to \$100,000 and the loss development reserve associated with losses up to \$100,000 are pooled based on the member's share of losses under \$50,000; (3) losses from \$100,000 to \$2,000,000 and the loss development reserves associated with those losses are pooled based on payroll; (4) losses from \$2,000,000 up to statutory limits are paid under an excess insurance policy. Protection is provided per statutory liability under California Workers' Compensation law. Employer's Liability losses are pooled among members to \$2,000,000, coverage from \$2,000,000 to \$4,000,000 is purchased as part of an excess insurance policy, and losses from \$4,000,000 to \$10,000,000 are pooled among members.

3. *Purchased Insurance*

Environmental Insurance – The City of Rolling Hills Estates participates in the pollution legal liability and remediation legal liability insurance which is available through the Authority. The policy covers sudden and gradual pollution of scheduled property, streets, and storm drains owned by City of Rolling Hills Estates. Coverage is on a claims-made basis. There is a \$50,000 deductible. The Authority has a limit of \$50,000,000 for the 3-year period from July 1, 2008 through July 1, 2011. Each member of the Authority has a \$10,000,000 sub-limit during the 3-year term of the policy.

Property Insurance – The City of Rolling Hills Estates participates in the all-risk property protection program of the Authority. This insurance protection is underwritten by several insurance companies. City of Rolling Hills Estates property is currently insured according to a schedule of covered property submitted by City of Rolling Hills Estates to the Authority. City of Rolling Hills Estates property currently has all-risk property insurance protection in the amount of \$5,331,022. There is a \$5,000 deductible per occurrence except for non-emergency vehicle insurance which has a \$1,000 deductible. Premiums for the coverage are paid annually and are not subject to retroactive adjustments.

Earthquake and Flood Insurance – The City of Rolling Hills Estates purchases earthquake and flood insurance on a portion of its property. The earthquake insurance is part of the property protection insurance program of the Authority. City of Rolling Hills Estates property currently has earthquake protection in the amount of \$5,164,413. There is a deductible of 5% of value with a minimum deductible of \$100,000. Premiums for the coverage are paid annually and are not subject to retroactive adjustments.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

Crime Insurance – The City of Rolling Hills Estates purchases crime insurance coverage in the amount of \$1,000,000 with a \$2,500 deductible. The fidelity coverage is provided through the Authority. Premiums are paid annually and are not subject to retroactive adjustments.

4. Adequacy of Protection

During the past three fiscal (claims) years, none of the above programs of protection have had settlements or judgments that exceeded pooled or insured coverage. There have been no significant reductions in pooled or insured liability coverage from coverage in the prior year.

(b) City Employees Retirement Plans

1. Defined Benefit Pension Plan

Plan Description: The City of Rolling Hills Estates contributes to the California Public Employees Retirement System (PERS), a cost sharing multiple-employer public employee defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and city ordinance. Copies of PERS' annual financial report may be obtained from their executive office: 400 "P" Street, Sacramento, CA 95814.

Funding Policy: Participants are required to contribute 7% of their annual covered salary. The City makes the contributions required of the City employees on their behalf and for their account. The City is required to contribute at an actuarially determined rate; the current rate is 19.291% for non-safety employees of annual covered payroll. The contribution requirements of plan members and the City are established and may be amended by PERS.

Annual Pensions Cost: For 2009, the City's annual pension cost of \$412,286 for PERS was equal to the City's required and actual contributions.

CITY OF ROLLING HILLS ESTATES
Notes to Financial Statements (Continued)
June 30, 2009

Three-Year Trend Information for PERS

Schedule of Employer Contributions (\$ Amount in Thousands)			
Fiscal Year	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/07	\$ 350	100%	\$ -
6/30/08	373	100%	-
6/30/09	412	100%	-

2. Defined Contribution Retirement System

The City contributes to the Public Agency Retirement System (PARS), which is a defined contribution retirement plan. A defined contribution retirement plan provides retirement benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. Benefit provisions and all other requirements are established by state statute and city ordinance.

Under a defined contribution pension plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account, the returns earned on investments of those contributions, and forfeitures of other participant's benefits that may be allocated to such participant's account.

The City of Rolling Hills Estates has adopted this tax qualified governmental defined contribution plan for the benefit of its eligible employees (full-time employee) to provide supplemental retirement benefits to eligible employees in addition to the benefits employees will receive from the Public Employees' Retirement System (Note (4)(b)1).

The City contributes a percentage of gross earnings based on the number of years of service.

During the year, the City contributed \$98,574. The total covered payroll of employees participating in the plan for the year ended June 30, 2009 was \$2,175,296.

No changes in the plan provisions occurred during the year. The plan held no securities of the City or other related parties during or at the close of the fiscal year.

CITY OF ROLLING HILLS ESTATES
Note to Required Supplementary Information
June 30, 2009

(1) BUDGETARY DATA

On or before June 30 of each year, the City Council adopts a budget for the ensuing fiscal year. The City Manager is responsible for the preparation and administration of the annual budget.

Budgets are reported on the same accounting basis as the fund types and are adopted on a basis consistent with generally accepted accounting principles. The legal level of control or the level at which expenditures may not legally exceed appropriations is at the program level. The program level includes general government, public safety, public works, community services, public health and capital outlay. Unexpended budgetary appropriations lapse at year-end.

Management may amend budgets within the program level. Budgetary revisions that alter the total appropriations of a program must be approved by City Council.

DESCRIPTION OF NONMAJOR FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds account for the proceeds of specific revenue sources that are restricted by law or administrative regulation for specified purposes. Special Revenue Funds include the following:

Local Transportation Fund - To account for grant moneys received from the State of California for the development of bike lanes.

Traffic Safety Fund - To account for traffic fines to be used for traffic safety purposes.

Transit Improvement Tax Fund - To account for funds received through the Los Angeles County Metropolitan Transit Authority to be used to provide transportation services.

Proposition C Fund - To account for the City's share of an additional one-half cent sales tax collected by the County of Los Angeles to finance transit projects within the City.

Air Quality Improvement Fund - To account for monies received from the Department of Motor Vehicles to be used for the purpose of reducing air pollution.

State Park Grant Fund - To account for revenues received from developers for the purpose of park development.

Proposition 1B Fund - To account of revenue received from the Proposition 1B Transportation Bond. The funds are used for projects that will assist in reducing local traffic congestion

Peppertree Foundation Fund - To account for monies received from donations for special recreational purposes.

Proposition 40 Parks Grant Fund - To account for grant monies received from the State of California for the maintenance and development of parks, recreation facilities, and open space.

Traffic Signal Fund - To account for grant monies received for the upgrade of traffic signals city-wide that included the installation of UPS (Uninterruptible Power Source) units and energy efficient LED modules.

Quimby Fees - To account for park-in-lieu fees for all new residential projects from developers who cannot provide land and park improvements as part of their development.

AGENCY FUNDS

The Agency Funds are used to account for assets held by the government as an agent for individuals, other governments and/or other funds.

Peninsula Parking Fund - To account for monies received from parking citation processing under a joint three-city agreement and held by Rolling Hills Estates on behalf of the Cities of Rancho Palos Verdes and Rolling Hills.

CSMFO Chapter Fund - To account for monies received from members for attendance at the California Society of Municipal Finance Officers South Bay Chapter Meetings.
